San Francisco

She is a Patent Paralegal with nine years of experience supporting intellectual property practices across leading companies, including Dolby Laboratories, Clairvoley, and Clarivate. She holds a Master's degree in Biotechnology and Bachelor's degree in life science. She has extensive experience in U.S. and foreign patent prosecution, docket management, and coordinating filings throughout the patent lifecycle. She has a passion for reading science papers and staying curious about new developments in biotechnology and related fields.
